

# MARGARET 麦格

Design by Sebastian Herkner

编号：32F015

MARGARET命名是致敬来自德国泰迪熊创始人Margarete Steiff。设计师受到泰迪熊的启示，坐席结构分明，标志性后椅腿模拟出泰迪熊温暖坚实的双臂，围合出温馨十足的包裹感，坐在上面“像一只大熊用熊掌从后面拥抱着你”，暖意蔓延。

Named after the inventor Margarete Steiff from Germany who invented the Teddy bear. Designer wanted to design a cozy armchair and character by playing with softness and proportions. This armchair is a cozy hub. A fine metal base highlights a soft upholstery with its smooth shapes and an iconic and unique upholstered back leg with grows to the armrest.
